DETAILED ACTION

The Amendment, filed on March 9, 2006 has been entered and acknowledged by the Examiner.

Cancellation of claim 4 has been entered.

The new Drawings submitted March 9, 2006 have been entered and are approved by the Examiner.

Applicant's arguments have been fully considered and are persuasive. The rejection of the application has been withdrawn.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Michelle Lester on May 19, 2006.

The application has been amended as follows:

In the Claim

Claim 10 line 6, 'end portion the conical' has been replaced with -- end portion of the conical--.

Allowable Subject Matter

Claims 1-3 and 5-10 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the references of the Prior Art of record fails to teach or render obvious the spark plug having the combination of the limitations as set forth in claim 1, and specifically comprising the limitation of the front end portion of the center electrode including a conical portion having a tapered surface with taper angle of less than 80° and a columnar portion with diameter in the range of 0.4mm to 0.8mm and axial length in the range of 0.3 mm to 1.0 mm.

Regarding claims 2,3,5-10, claims 2,3,5-10 are allowable for the reasons given in claim 1 because of their dependency status from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
